The Inspired Actors is a holistic drama and acting program designed for kids aged 8 to 9 that nurtures skill and character development through creative theatrical exploration. This program emphasizes building not only acting techniques but also personal growth, empathy, discipline, and emotional intelligence in a supportive and inspiring environment. Led by CEO, Teacher Emil, with 22 years of global education experience, teaching children and adults.

What Your Child Will Experience

- **Holistic Skill & Character Development:** Through drama and acting exercises, children develop creativity, self-awareness, resilience, and strong interpersonal skills.
- **Acting Techniques & Character Building:** Students learn foundational acting methods, including improvisation, character analysis, and emotional expression to bring stories to life.
- **Creative Storytelling:** Emphasis on developing narrative skills and imaginative thinking through script work and original scene creation.
- **Emotional Intelligence Stage Presence & Confidence:** Practice in voice projection, movement, and stagecraft to build strong performance skills and self-assurance.
- **Collaborative Ensemble Work:** Group projects and performances promote teamwork, communication, and respect among peers.
- **Inspiration Action Projects:** Creative exercises that link drama with real-world themes encouraging social awareness and personal growth.
- **Term One Showcase:** The term concludes with a recorded performance where students present scripts (musical or play) and **monologues** developed throughout the program.
